

2009 WEIGHT LOSS CHALLENGE HAWAII VACATION WINNER

Congratulations to RICHARD BOGART and Coach Nick and Shayna Fabrizio!!

Last year, Richard was the winner in the March 2008 WLC of Dr. Nick and Shayna. He lost 60 lbs. by using the information he learned in class, restricting his calories, and exercising a lot. He decided not to use any Herbalife products. By the end of the year and the final weigh-in, Richard had put 45 lbs. back!!! He would have won the Hawaii trip last year if he truly had made a lifestyle change.

Dr. Nick and Shayna decided to take him back to their fold, coached him about making a lifestyle change, and got Richard to join another WLC. He joined his 2nd WLC in July 2009, started on the products and applied what he was learning in the classes to modify his lifestyle. He took all advices to heart! By the end of 12-weeks, he lost **67.6 lbs.** and **28.6%** body weight!! Richard has since kept his weight off and lost even more. He is now an Herbalife Distributor.

Richard's favorite products are the Formula 1 shakes, Total Control and the Herbal Concentrate Tea.

Dr. Nick and Shayna Fabrizio, from Tiffin, Ohio, are GET Team members who have completely embraced Herbalife and consistently hold Weight Loss Challenges in their Chiropractic Clinic.
